

Live Backstage

swapcard

Take the stress out of streaming

Streaming like a pro used to be a headache. Third-party apps, buffering, and confusing controls. Not anymore. Save time and effort with Swapcard's **Live Backstage**, the all-in-one tool for seamless speaker management and high-quality event streaming.

Stream like a pro

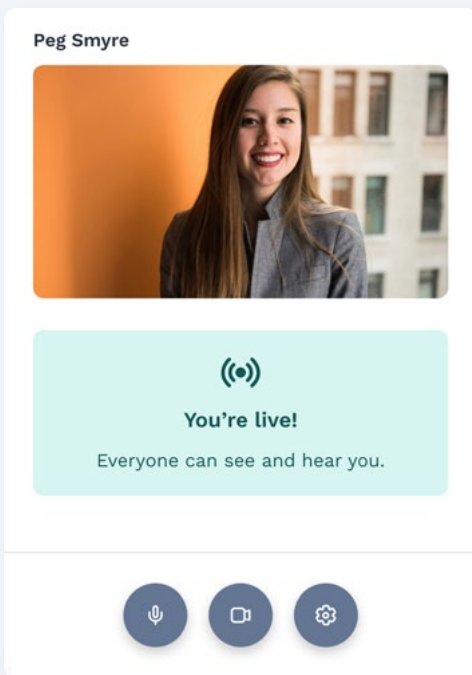

- ✓ Avoid third-party apps that complicate the process.
- ✓ Your speakers will look and sound amazing with a low-latency stream, HD video, and clear audio.
- ✓ Go from the Backstage to live, with a single click.

Take full control

- ✓ Stream live sessions and manage video production in real time, all within Swapcard.
- ✓ Invite up to 99 speakers Backstage and up to 16 on stage.
- ✓ As moderator, use speaker toggles to decide who takes the stage.

Delight your community and speakers

- ✓ Test cameras and mics in the waiting room.
- ✓ Speakers can quickly access the session with an invite link and Backstage button.
- ✓ Impress your audience with seamless transitions between speakers.

Whether you want Swapcard for small-scale community meetings or large conferences and tradeshows, **Live Backstage** is available on all plans!
